

Dr. Francis Gartrell

-2-

NOV 7 1972

As a result of a meeting held between AEC and TVA representatives on October 30, 1972, TVA has now provided further information supplementing the treatment of the above noted areas. With the addition of this material, we believe that the Watts Bar Environmental Statement satisfies applicable requirements and that it is adequate to support the licensing action.

Sincerely,

Original Signed By

A. Giambusso
