Jack,

I understand from Mark Roberts that you are the project manager for Shieldalloy now. I tried to find the most recent submittal from SMC on their website, but could not find it. I emailed Dave Smith and asked for the link, but have not heard from him.

I understand there were tech difficulties in getting it on ADAMS, but I also understand that there may be sampling taking place next week. I would appreciate it if you could fax me the sampling plan. I understand that some of the sampling will be offsite in the Hudsons Branch and we want to ensure that it will be adequate to characterize the extent of any contamination. I am copying the EPA, because they are also interested in receiving this plan.

My fax number is (609) 984-5595

Thank you

Jenny
