RE: NEED FOR CLARIFICATION ON ADDITIONAL EXTENSION
REQUEST TO FILE FORMAL REQUESTS FOR HEARING and
PETITIONS TO INTERVENE WITH CONTENTIONS, DUE TO
DOCUMENT ACCESS ISSUES: NEW DATE DECEMBER 10, 2007.

Dear Honorable Chairman Klein & Chairman McDade:

I received the 10 day "Additional Extension" ("Extension") granted to File Formal Requests for Hearing and Petitions to Intervene with Contentions for FUSE. This was in reply to the Additional Extension Request dated 11/7/07 ("Extension Request").

I am writing to request clarification that this Extension applies to all the Stakeholders named in the Extension Report, as well as citizen Stakeholders, and other stakeholders and other interested parties.

We ask that the NRC quickly clarify that all stakeholders are included in this extension to file, to December 10, 2007.

Citizen stakeholders and other interested parties include, but are not limited to, Hudson River Sloop Clearwater which has over 4,500 members, Westchester Citizen's Awareness Network, Indian Point Safe Energy Coalition (IPSEC) a coalition of 70 citizen and community groups, Sierra Club, New York Chapter, Rockland County Conservation Association, as well as elected officials. I am on a member of the board of directors of Hudson River Sloop Clearwater, a steering committee of IPSEC, and member of Westchester Citizen's Awareness Network (WestCAN).

The "Extension Request" notes that the public access to the NRC's ADAMS document control system was recently interrupted. In the NRC's order of November 16, 2007, the NRC acknowledges that "ADAMS recently malfunctioned, which did interrupt public access to the license renewal application and supporting materials. In this instance, the Commission considers it appropriate to grant a ten (10) day extension of time ... to file any supplemental Petition to Intervene and Request for Hearing".

Therefore, all of the stakeholders named in the Extension Request, citizen stakeholders, and other interested parties require an immediate letter of clarification confirming that the new deadline to file Petition to Intervene and Request for Hearing to be December 10, 2007, extends to all of them.

It would be highly prejudicial and inequitable for the NRC to grant this 10 day extension only to FUSE, on the basis that ADAMS malfunctioned and interrupted public access, as this malfunction also impaired the other undersigned stakeholders, citizens stakeholders and other interested parties, from preparing their Formal Requests for Hearing and Petitions to Intervene with Contentions.

Please clarify immediately.

Respectfully,

Susan Shapiro, Esq.
