SUBJECT: DENIAL OF REQUEST TO WITHHOLD INFORMATION (TAC NO. M72494)

Daer Mr. Kingsley:

Accession 9512200133

By letter dated October 23, 1995, TVA provided information regarding actions it has undertaken as a result of Department of Labor (DOL) Case No. 95-ERA-20 (*Robert O. Klock v. TVA & United Energy Services Corporation*). TVA requested the staff to withhold Enclosure 1 of that letter from public disclosure pursuant to 10 CFR 2.790(a)(6) and (7). Upon the NRC's request of November 7, 1995, TVA provided additional information on December 4, 1995, to justify the request.

The NRC Office of Nuclear Reactor Regulation (ONRR) and Office of Enforcement (OE) have carefully reviewed the request and have consulted with the Office of the General Counsel (OGC) on this matter. ONRR, OE and OGC have determined that all of the information contained in Enclosure 1 was derived from the referenced DOL case. All complaints and hearing transcripts of DOL cases filed under whistleblower statutes are publicly available. Therefore, we have concluded that none of the information contained in Enclosure 1 will be withheld from the public.

Due to our determination, we intend to place the subject document in the NRC Public Document Room (PDR) and Local PDR within 30 days of the date of this letter. If you have any questions, please do not hesitate to contact us.

Sincerely,

Original signed by
