with the exception of needing to abbreviate Aug. in the lead (yeah, i'm an old wire service hack), it is up to the always stellar RIII standards. thanks muchly.

(you guys run end of cycle meetings into august? jeez ... looks like someone wants a fishing holiday on the lake, or maybe jim has his eye on a nice sloop moored there?)

Attached for your view and comment is a draft news release (prepared by Joann Wong) on the Davis-Besse end-of cycle meeting. Please send comments to both Vika and myself.
