POST CAR

Dear Ms Jackson - Do NOT
allow Watts Bar to load
nuclear fuel. ~~Examine the FBI~~
records for safety violations
exposed by whistle blowers.
Nuclear wastes cannot be
detoxified, and radiation
harms all forms of life with
cancers, birth defects, etc.
Take a courageous stand on
behalf of future generations
and deny TVA an operating
license for Watts Bar, Earth's
most expensive reactor.
There are other ways to boil
water for electricity!
