Mr. James P. Riccio
Public Citizen
4340 Georgetown Square, #612
Atlanta, Georgia 30338

Dear Mr. Riccio:

By letter dated May 25, 1995, you requested that Public Citizen be included on the NRC document distribution list for Watts Bar. In your letter, you specifically stated that "Public Citizen has had an ongoing interest in the Tennessee Valley Authority's attempts to license the Watts Bar reactor," and that you "had been encouraged by Public Citizen members in Tennessee, local environmentalists and TVA whistleblowers to take a closer look at the licensing process." By letter dated June 15, 1995, I informed you that Public Citizen had been added to the NRC mailing list, and since then the staff has distributed a copy of all NRC-issued and publicly available Watts Bar documents to Public Citizen.

As you know, Watts Bar Unit 1 was granted a full-power operating license on February 7, 1996. As you had requested that your organization be included on the document distribution list during the Watts Bar licensing review, your organization was removed from that list after Watts Bar received its license. Thus, you will not be receiving copies of documents but may, of course, obtain documents by visiting the NRC local public document room (LPDR) for Watts Bar Nuclear Plant (Chattanooga-Hamilton County Library, 1001 Broad Street, Chattanooga, Tennessee). You may also obtain documents by contacting our LPDR staff at 1-800-638-8081.

If I can be of further assistance, please contact me at 1-800-368-5642, extension 1451, or you may contact me by internet: pst@nrc.gov.

Sincerely,
