Ms. Beth Zilbert, Energy Campaigner
Greenpeace
20 13th Street, NE
Atlanta, Georgia 30309

Dear Ms. Zilbert:

By letter dated February 10, 1995, you requested that Greenpeace be included on the NRC document distribution list for Watts Bar. In your letter, you specifically stated that "the licensing of Watts Bar 1 and other nuclear plants is of critical importance to our campaign." By letter dated February 15, 1995, I informed you that Greenpeace had been added to the NRC mailing list, and since then the staff has distributed a copy of all NRC-issued and publicly available Watts Bar documents to Greenpeace.

As you know, Watts Bar Unit 1 was granted a full-power operating license on February 7, 1996. As you had requested that your organization be included on the document distribution list during the Watts Bar licensing review, your organization was removed from that list after Watts Bar received its license. Thus, you will not be receiving copies of documents but may, of course, obtain documents by visiting the NRC local public document room (LPDR) for Watts Bar Nuclear Plant (Chattanooga-Hamilton County Library, 1001 Broad Street, Chattanooga, Tennessee). You may also obtain documents by contacting our LPDR staff at 1-800-638-8081.

If I can be of further assistance, please contact me at 1-800-368-5642, extension 1451, or you may contact me by internet: pst@nrc.gov.

Sincerely,
