---

Jonathan,

We are about to submit an update (Revision 6) to the VY AMP/AMR Q&A database that will include the formal responses to the six open EAF questions, and were questioning whether the submittal should be cc'd to all of the individuals on a normal LRA amendment submittal, or to a smaller subset. All of the previous questions were closed and remain as submitted in Revision 5 via e-mail on or about 3/27/07. What is your preference?

Thanks
