Subject: Re: Revised Assessment of Exponent Report ((I'm away))

I will be out of the office May 2 -4. If you need assistance, please contact:

John Tsao - May 2, 3, @ 415-2719, and
Andrea Keim - May 4, @ 415-2706.

----This is an automatic reply----

"Please note that you will receive this reply from me only once while I am away from the office . No further auto-replies will be sent to any of your subsequent e-mails to me. I will attempt to reply to your e-mails when I return."

>>> JXC 05/02/07 17:41 >>>

Greetings,

Attached is the revised assessment of the Exponent Report based upon Jack's comments on Tuesday. We have also checked with the current spring low susceptibility plants to see where they were with their inspections to try and include their results in the assessment.

The second attachment is a redline strikeout version of the changes in this version compared to the April 27, 2007 version to aid in your review.

Jay
