Where's the OE conference room?

Jack,

Turns out DORL has the lead on writing the DFI. I set up a meeting at 2 pm in OE conference room for DFI discussion.

Tom,

Attached are some reference documents for NRR's use in drafting the Davis-Besse DFI on the Exponent Report. Specifically:

1. The NRC Enforcement Manual. Look at **Section 4.9**, Demand for Information, which starts on page 4-72
2. Boiler for a DFI from Appendix B of the Enforcement Manual
3. An example of a previous DFI signed out by NRR. I've been told there are several examples of previously issued DFIs in ADAMS.

FYI, there is a meeting at 2:00 in the OE conference room, O-14F3, to discuss the DFI.

Once this process gets moving, I can assist NRR by handling the coordination with OGC and RIII. I will also provide NRR with an Enforcement Action (EA) tracking number which must be included on the DFI and all future correspondence related to the DFI.
