Attached is DCI's input to the ADES Priorities List. In addition to the modifications highlighted in red font, the following sections were deleted from the List:

FirstEnergy's Exponent Report on the Davis-Besse RPV Head Wastage Issue (DCI)

10 CFR 50.55a NEI White Paper (DCI)

If you have any questions, please feel free to contact me.

Thank you,
Leslie

All,
Attached is the consolidated ADES priorities package. Please review those items with your Division listed next to them and provide me an update, and please identify your changes by highlighting or redlining it.

Please provide the bi-weekly update of your Division priorities by COB **Thursday 8/9**, so that I can compile them into a complete list.

Thanks,
Stacey
