6/

I think Matt knocked the review time down to 25 hours.

>>> Jay Collins 5/24/2007 12:47 PM >>>

Attached is the email I sent previously back on 05/07, where I copied the latest hours from for my latest estimate. I can not find a 5/22 memo from Patti Craver, however I did not increase my estimate. In either case, please feel free to choose whatever hours you feel are appropriate.

Thank you,  
Jay

>>> Terence Chan 5/24/2007 12:00 PM >>>

FYI. According the the 5/22 memo from Patti Craver, it looks like you increased your review estimate from 30 to 40 hours.

>>> Jay Collins 5/24/2007 6:28 AM >>>

Greetings,

The only item changed for DCI in the scope change is the Exponent Report marked up copies, and I wasn't thinking of sending the whole report in my previous estimates. I am going to stick to my previous estimate at this point. I really want to see a new written statement though for the request.

Search - 30 hours  
Review - 40 hours  
pages - 500

>>> Mary Jean Pool 5/22/2007 2:26 PM >>>

In the telephone conference call with the requester and RIII, EDO, NRR, and OGC, the requester eliminated from the scope of her request marked-up copies of the Exponent Report. She also eliminated records maintained in OGC and records relating to the NRC's "Demand for Information." The requester also eliminated RIII from the request.

NRR, EDO and the Commission - please provide me with revised fee estimates broken down by search/review/duplication based on the above revised scope.

As a reminder, please do not destroy any records which are or were subject to this FOIA request.

Thanks

Mary Jean

**Subject:** Re: Revised FOIA Estimate

Greetings,

Lets go with

Search - 30 hours  
Review - 40 hours  
pages - 500

I did the technical assessment and reviewed Q&A's and such, I am going to have a bit more stuff than other areas.

Jay

>>> Matthew Yoder 05/07/2007 3:45 PM >>>  
Jay,

Our estimate was way out from the others. We will certainly have to defend them if we want to stick with such a high value. The region came in with about 15 hours to search and 36 hours to review. Stephen Sands came in with about 12 hours to search. Since you and Terence would likely be looking at the same stuff we can probably drastically reduce the search time. I propose the following:

Search - 24 hours  
Review - 40 hours  
pages - 500

If you are ok with this please send the revised numbers to Patricia Craver. We need to do this today.

Thanks,  
Matt
