Subject: Meeting w/Lochbaum re: DB 2.206

Tom,

With respect to your voicemail, I'm going to be on leave 6/6 through 6/19, so my Acting will have to represent me the meeting. Jay was going to Atlanta for a conference 6/11-14 to present a paper on 6/14. However, as the technical expert who performed the staff's assessment of the exponent report, he is willing to support a meeting the week of the 6/11. If the meeting can occur earlier in the week, then he may still be able to go to Atlanta. If not, he'll forgo the Atlanta conference. In any case, the meeting with Lochbaum should occur as soon as practicable and DCI will support it.

Terence
