Jay/Terence -

I'm trying to arrange an initial staff-level meeting/telecon among DCI/DORL/R3/OE/EDO, etc. to get the ball rolling concerning the planning for the DFI public meeting tentatively scheduled for the week of 6/25.

In addition to logistical matters, one of the items Region III would like to discuss is "what does a good response to the DFI look like?" to anticipate what follow-up actions may be appropriate. Regarding the technical matters, we'd be looking to DCI to address this question.

I'd like to have this meeting on Tuesday (tomorrow) and wanted to know your best availability to participate in a ~1 or 1-1/2 hr. call.

Please contact me to discuss.

Thanks,

Tom
