Once again, hopefully not a long meeting, just trying to close up the loose ends.

I'll try to arrange after I hear back from FENOC - I'll let you know. We can call from Russ Gibbs' office.

Greetings,

It was just going to be me. I have a meeting from 2 to 4 tomorrow. How does late morning work for you?

Jay,

Greg Halnon is trying to line up a few individuals for a possible telecon tomorrow to address your question about the information that was omitted from the final Exponent report, as stated by FENOC at the 6/27 public meeting.

What is your availability for a call tomorrow (7/25)? Are there other NRC staff that should participate?

Please advise.

Thanks,

Tom
