**RE: Proposed Change of Ownership of Berwick Hospital Center
(License No. 37-17502-01 Amendment No. 19), Mail Control No. 141343**

Dear Ms. Weidner:

Per our telephone conversation, I am supplementing my initial notice with the NUREG information. The conversion of CHS Berwick Hospital Corporation ("Berwick") will be effected by the merger of Berwick with and into Berwick Hospital Company, LLC, a Delaware limited liability company. Berwick Hospital Company, LLC will succeed to all of the assets and liabilities of Berwick, and as a result will be the owner and operator of the Hospital. The name of the licensed organization will be Berwick Hospital Company, LLC.

In connection with the change of ownership, the parties do not plan to effect any material changes in the radiation safety program previously conducted by the Hospital or in related facilities or personnel. None of the facilities, equipment, or procedures will change. There are no planned changes in use, possession or storage of the licensed materials at the Site. All surveillance items and records are current and all inspections are up-to-date. The Hospital performs surveys, quality control, and weekly wipe tests as per the Nuclear Regulatory Commission regulations. The Hospital has inspected those areas of the Site that require inspection and determined that there is no radioactive contamination present at such areas that would require any further action.

If you have any questions or require further information in this regard, please call me at (215) 851-8106.

Sincerely,

Amie E. Schaadt

Effective upon the conversion described above, Berwick Hospital Company, LLC hereby agrees to comply with all of the terms and conditions set forth on the above-referenced radioactive materials license issued by the U.S. Nuclear Regulatory Commission to Berwick Community Hospital.
