Gentlemen:

The Nuclear Regulatory Commission Staff has developed the attached proposed Environmental Technical Specifications (ETS) for the Watts Bar Nuclear Plant, Units 1 and 2. Please provide your written comments on the ETS as well as proposed modifications along with their justification no later than October 15, 1979. The Staff will consider your comments and will be available to discuss them with your representatives.

Please contact Mrs. Suzanne Keblusek, Environmental Project Manager, (301) 492-8440 if you have any questions and to make arrangements for this meeting.

Sincerely,

Donald E. Sells, Acting Branch Chief  
Environmental Projects Branch 2  
Division of Site Safety and  
Environmental Analysis
