Please add these to my file. Ref: Docket No's 50-390
and Docket No's 50-391

I was terminated on Sept 19, 1994 by Tennessee Valley
Authority. This is in violation of Federal Law; due to I
am supposedly protected under the whistle blowers act.
Tennessee Valley Authority terminated me because they revoked
my security clearance.

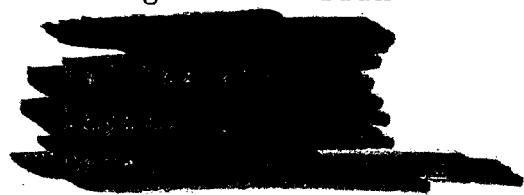

You are not required to have a security clearance to work
for Tennessee Valley Authority. My seniority covers Tennessee
Valley Authority wide and there are hundreds of jobs in hydro
plants, frossel plants, and facility maintence. They have many
job openings, witch I can perform without a security clearance.
But Tennessee Valley Authority Human Resource Manager, Randy
Higgenbottom has indicated that Tennessee Valley Authority will
not re-hired me under any circumstances, even through there are
many openings that I can fill without a security clearance, and
with-in my seniority.

Your help will be greatly appreciated.

Sincerely

George M Gillilan
