Subject: NH Response to RCPD-07-009

The following is the State of New Hampshire's response to the questions listed in "Implementation of Fingerprinting Requirements on Increased Controls Licensees (RCPD-07-009).

No, New Hampshire does not have implementation difficulties to impose the fingerprinting requirements.

Not Applicable.

New Hampshire will likely be able to implement the requirements and will finish developing the process after we receive and review the template license conditions that the NRC is presently developing for the States.

Please contact us if you require additional information.
