Mike,

The two drawings that were redacted are LRA-9321-70093-0 and LRA-9321-4006-0. We have determined that these drawings contain sensitive unclassified non-safeguards information (SUNSI). One depicts and identifies two security related buildings, and the other depicts elevations, stairwells and the like relative to containment and the fuel storage building. Call me if you have questions.

Kim,

Can you tell me what the LRA drawing numbers are for the two IPEC drawings that were not put into ADAMS? I cannot find me e-mail from Bo Pham about the two drawings.

Thanks

Mike Stroud
