Hi Dara,

Sorry for the delay in returning your email. I am attending a training course today and tomorrow. Thank you for the coordination of the boat tour. I think that your suggestion of the two tours is a good one. One question though...will both tours take place at the same time?

Also, about the security forms, I asked Bo to fax to you the hard copies that I have received. I plan to send out another reminder to folks asking that the audit attendees complete the necessary forms ASAP. From here on, I will either forward the forms to you via email or ask that the attendees send them to you directly.

Don and I discussed the logistics of the audit on Tuesday. I will ask that the all the attendees call Don from the main gate for escort to the meeting room.

Hope this covers everything. I will be checking my voicemail throughout the day tomorrow but not my email. Leave a message and I will call you back if you need anything.

Thanks again,
JILL

Hi Jill

I am back in the office and will try to call you this morning. But in case I miss you - we were thinking of dividing the boat tour into two. One group, consisting of the fisheries-types would go out with our biological monitoring program contractor (Normandeau Associates) on their boat. The rest of the people, interested in aesthetics, etc would could have go on a separate tour which the Naval Militia has agreed to support with a boat. Do you think that would work?

Also, we do need the security paperwork completed for all who are attending. If you can get it to me today or tomorrow - that would be great because I won't be available much Friday. Any stragglers (i.e., paperwork not completed until Friday) could have their paperwork sent to Don.

Hope to talk to you this morning.

Also, one other note: there is an additional NYSDEC person who would like to attend at least part of next week's audit - Larry Wilson, their fisheries biologist. I can get his paperwork if you would like.

Don and Dara,

Three things....

First, I have attached the most recent audit schedule for your use.

Second, the list of attendees other than NRC folks for the first half of the audit commencing September 10th follows:

NRC Contractors

Bobbie Hurley, Earthtech

Steve Duda, Earthtech

Steve Dillard, Earthtech

Nicole Spangle, Earthtech

Jeff Ward, PNNL

Lance Vail, PNNL

Federal and Local agencies

Chris Hogan, NYDEC

Andrew Kasius, NYDOS

Jeff Zappieri, NYDOS

Robin Niver, FWS

Julie Crocker, NMFS

Lingard Knutson, EPA (or her representative)

Third, I have at least seven NRC folks that need to attend the boat tour and two more (me included) that would like to attend if possible. In addition, all seven of the Federal and Local govt reps would like to attend the boat tour. Let me know how this effect the schedule and logistics.

Thanks for your help with this.

Best,

JILL
