The Department of Energy (DOE) approves the United States Enrichment Corporation's (USEC) request of August 30, 2007, to lease the following support systems associated with the X-6000 Cooling Tower Water Pump House: X-2230G Recirculating Water System, X-2232B Dry Air Distribution System, and X-2232G Piping Supports for Distribution Lines under the GCEP Lease and agrees to establish a lease effective date of November 30, 2007, with transfer occurring at 12:01 p.m. EST. The sublease from USEC to USEC Inc. at the same time is also acknowledged. DOE and the Nuclear Regulatory Commission have mutually agreed to transition regulatory oversight at the same time.

Sincerely,

for Larry W. Clark
