RAI 1 is modified as and moved to the bottom (it is RAI 14 now). Your 9/20/2006 letter indicated that at least two other corporate entities - McDermott and "The Babcock & Wilcox Companies" -- may be involved in NRC-licensed activities. Explain how these two companies fit into the overall corporate structure, and what if any role they will have in NRC-licensed activities.

Do not send your response to the RAIs until I email you the official letter. It has not yet been signed off on. I expect that it will be signed soon. I will find out tomorrow and get back to you ASAP.

Sincerely,
