Docket Nos. 50-390/391

Tennessee Valley Authority
ATTN: Mr. H. G. Parris
Manager of Power
500A Chestnut Street - Tower II
Chattanooga, Tennessee 37401

Gentlemen:

By application dated April 3, 1981, the Authority requested that the Division of Licensing (DL) further extend the latest completion dates for the Watts Bar Unit Nos. 1 and 2 construction permits. Fees totalling \$1,600 (Classes II and I) were paid pursuant to 10 CFR 170.22 for this application. On November 17, 1982, the completion dates for these construction permits were extended by the DL staff.

Since your April 27, 1979 application for extension of these same construction permits was still pending DL review when the April 3, 1981 change in the previously requested extension dates was filed, we are accepting the April 3 application as a supplement to the April 27, 1979 application, for which \$1,600 was paid. Therefore, we are concurrently authorizing the Division of Accounting and Finance to refund \$1,600 to the Authority. Refunds are generally processed within a two-week period.

Sincerely,

Original Signed by
Wm. O. Miller
