In letters dated January 6 and January 15, 1981, from R. L. Tedesco to H. G. Parris and January 14, 1981, from T. A. Ippolito to H. G. Parris, TVA was requested to provide additional information concerning Guard Training and Qualification (T&Q) Plans. Enclosed are TVA's responses including changes which are being incorporated into the T&Q plans for the Browns Ferry, Sequoyah, Watts Bar, and Bellefonte Nuclear Plants. We believe that this information completes TVA's input necessary for NRC review and is sufficient for the T&Q plans to be found acceptable by the NRC.
