Gentlemen:

We have received a copy of your application dated November 19, 1984, which was filed with the Office of Nuclear Reactor Regulation (ONRR) for review. This application requested an extension of the latest construction completion dates for Construction Permit Nos. CPPR-91 and CPPR-92 for the Watts Bar Nuclear Plant Unit Nos. 1 and 2. Fees pursuant to 10 CFR 170 were not remitted with your application.

Since your application was filed after the June 20, 1984 effective date of the revision to 10 CFR 170 on fees, it is subject to the provisions of the revised rule. This rule requires licensees to remit an application fee of \$150 with each application for license amendment, relief, exemption and other request. Therefore, it is requested that the Authority remit the required application fee of \$150 for your November 19 request. The Authority will be billed for any additional costs for the review of your application in accordance with 10 CFR 170.12(c) and 170.21.

Sincerely,

Original Signed by  
Wm. O. Miller
