

July 14, 1992

Docket Nos. 50-390
and 50-391

Tennessee Valley Authority
ATTN: Dr. Mark O. Medford, Vice President
Nuclear Assurance, Licensing and Fuels
3B Lookout Place
1101 Market Street
Chattanooga, Tennessee 37402-2801

Dear Dr. Medford:

SUBJECT: WATTS BAR NUCLEAR PLANT - REQUEST FOR ADDITIONAL INFORMATION ON
CHAPTER 14, FSAR AMENDMENT 69 (TAC M82644 and M82645)

Our technical staff has reviewed Chapter 14, "Initial Test Program", of the Watts Bar FSAR, as completely revised by Amendment No. 69. The enclosed report documents our evaluation of Chapter 14, and the additional information we need to complete our review. The report consists of two parts, prepared by two different staff components; in the interest of timely issuance of this report, we have not spent time to merge Parts 1 & 2. We apologize for any possible redundancy as a result of the lack of editing.

After your staff has reviewed the enclosed report, we will discuss a target date for TVA's response, at the next licensing status meeting. This requirement affects 9 or fewer respondents and, therefore, is not subject to Office of Management and Budget review under P.L. 96-511.

Sincerely,

Original signed by

Peter S. Tam, Senior Project Manager
Project Directorate II-4
Division of Reactor Projects - I/II
Office of Nuclear Reactore Regulation

Enclosure:
Report with request for additional information
