

TENNESSEE VALLEY AUTHORITY

CHATTANOOGA: TENNESSEE 37401

REGULATORY DOCKET FILE COPY  
November 8, 1978

Director of Nuclear Reactor Regulation  
Attention: Mr. S. A. Varga, Chief  
Light Water Reactors Branch No. 4  
Division of Project Management  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555

Dear Mr. Varga:

In the Matter of the Application       )     Docket Nos. 50-390  
Tennessee Valley Authority            )                 50-391

We are sending you under separate cover the environmental and seismic qualification information on Sequoyah Nuclear Plant equipment. This is provided in response to a request for additional documentation made by Don Lasher during a telephone conversation on September 21, 1978.

Very truly yours,

*J. E. Gilleland*  
for J. E. Gilleland  
Assistant Manager of Power
