Dear Ms. Adensam:

In the Matter of the Application of ) Docket Nos. 50-390  
Tennessee Valley Authority ) 50-391

In my letter to you dated March 29, 1982, TVA specified that the Process Control Program (PCP) for radioactive waste solidification at Watts Bar Nuclear Plant would be forwarded to the NRC by August 30, 1982. We find that, due to procurement difficulties, we were unable to meet that schedule. We now expect to provide the PCP by December 31, 1982.

If you have any questions concerning this matter, please get in touch with D. P. Ormsby at FTS 858-2682.

Very truly yours,

TENNESSEE VALLEY AUTHORITY
