Re: Radiation Safety Officer/Executive Management
Letter of Understanding

Dear Dr. Bennett:

You have been appointed the Radiation Safety Officer (RSO) of the facility for our United States Nuclear Regulatory Commission Materials License. This "Letter of Understanding" is prepared to comply with Title 10 Code of Federal Regulations (CFR) Part 35.24(b). This section of the regulations requires that you agree in writing to the following:

- Assume responsibility for implementing the Radiation Protection Program
- Ensure that radiation safety activities are being performed in accordance with our own approved procedure and all regulatory requirements.

The executive management of this facility agrees to provide you as RSO:

- Specific written notation of your authority, duties, and responsibilities, see attached.
- Sufficient authority, organizational freedom, time, resources, and management prerogative to:
 1. Identify radiation safety problems;
 2. Initiate, recommend, or provide corrective actions;
 3. Stop unsafe operations; and,
 4. Verify implementation of corrective actions.

Our signatures noted below will attest to the issues noted above. Please make a copy of this document for your files and return the original to my attention.

Sincerely,

A handwritten signature in black ink, appearing to be "Patrick Burns", written over a horizontal line.
