Mr. Darrell G. Eisenhut, Director
Division of Licensing
Office of Nuclear Reactor Regulation
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Eisenhut:

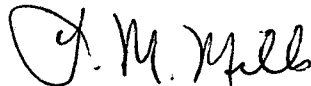

In the Matter of the Application of)	Docket No. 50-390
Tennessee Valley Authority)	50-391

By my letter to you dated September 4, 1984, TVA provided information on shift operating crews, including hot participation experience. The subject letter erroneously indicated the Bellefonte docket numbers 50-438 and 50-439 instead of the Watts Bar docket numbers 50-390 and 50-391. The subject information is applicable to Watts Bar Nuclear Plant rather than Bellefonte.

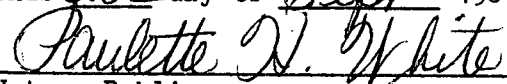

If you have any questions concerning this matter, please get in touch with D. P. Ormsby at FTS 858-2682.

Very truly yours,

TENNESSEE VALLEY AUTHORITY
