Dear Ms. Adensam:

In the Matter of the Application of)
Tennessee Valley Authority

Docket Nos. 50-390
50-391

Please refer to TVA's letters dated March 27 and April 3, 1985 which transmitted status information concerning our compliance with 10 CFR 50.49 for unit 1 of the Watts Bar Nuclear Plant.

The purpose of this letter is to confirm the telephone conversation between TVA and NRC representatives on April 15, 1985 pertaining to TVA's discovery of items that require additional environmental qualification and possible modifications. As committed, we will give you a more complete status and schedule for implementation of any required modifications and documentation by May 24, 1985.

If you have any questions concerning this matter, please get in touch with W. C. Ludwig at FTS 858-4882.

Very truly yours,
