Dear Mr. Youngblood:

In the Matter of the Application of ) Docket Nos. 50-390  
Tennessee Valley Authority ) 50-391

Please refer to my letter to E. Adensam dated January 16, 1985 concerning compliance with the guidelines of NUREG-0612. The letter provided information that six lifting devices would be in compliance by September 15, 1985. Lift beams LD10 and LD31 have been modified but the slings have just arrived and have not been tested. These lift beams will now be in compliance about March 1, 1986.

If there are any questions, please get in touch with K. P. Parr at FTS 858-2681.

Very truly yours,

TENNESSEE VALLEY AUTHORITY
