Subject: Testing of Cesium-137 Sources for Leakage
Your File No. L&R:IB:JMB (5-682-3)

Dear Mr. Brinkman:

This will refer to your letter of November 3, 1958, in regard to Leak Testing of our Ohmart Gauges operating under License No. 5-682-3. This is the source unit which we have at our plant at Ada, Oklahoma.

We are now placing a purchase order for the Leak Testing service offered by the Ohmart Corporation. It will be our practice to use the Ohmart Corporation Leak Testing service at all of the plants where we are using slurry density gauges.

Sincerely yours,

S. A. Gretencort
