Page 13

First column, 4th paragraph,

- (a) First line; insert "," after "groups"
- (b) Second line; insert "," after "examination"
- (c) Third line; delete "100% of", add "entire" before "population"
- (d) Fourth line; change "groups" to "group"
- (e) Fifth line; insert "recreatable" before "weld"
- (f) Sixth through 15th line; replace sentences starting with "This was..." and ending with "problem area.", with "This was done because examination results were not only used to evaluate the specific issue for which the group was formed, but to also ensure that all inspection activities required by the general group population, of which the specific group was an inherent part, were performed. This precluded the possibility of biasing the general group results and allowed the DOE/WEP to make a more definitive statement for the entire general group population."
