Dear Mr. Brinkman:

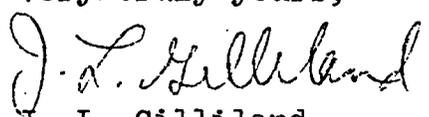

Inasmuch as I have now given Mr. K. L. Earhart instruction in installing, relocating and surveying Ohmart Source Holder Models SHRM and SHRM-P, we would like to have our license number 5-682-2 amended to include Mr. Earhart's name with mine in paragraph 18 of our license. No other change will be made in any of the conditions of the license.

In making radiation surveys, Mr. Earhart will use a Jordan Model No. AGB-50B-SR survey meter.

During my recent visit to Baton Rouge, I reviewed with Mr. Earhart the new amendments to 10CFR20.

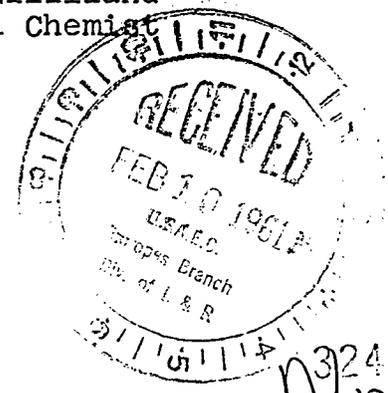

If you require any more information, please advise.

Very truly yours,

J. L. Gilliland
