Docket No. 50-390

Mr. Dan A. Nauman
Senior Vice President, Nuclear Power
Tennessee Valley Authority
6N 38A Lookout Place
1101 Market Street
Chattanooga, Tennessee 37402-2801

Dear Mr. Nauman:

SUBJECT: WATTS BAR UNIT 1 - SITE AUDIT OF SEISMIC ANALYSIS OF CAP
IMPLEMENTATION (TAC R00514)

As part of our review of the implementation of the Civil Calculation Program we need to perform an audit at the Watts Bar site. We have discussed this with Mr. W. Massie of your site licensing staff and tentatively agreed that the audit would take place the week of September 9, 1991. Specifically, this audit would address issues left open from the April 8, 1991 audit.

The schedule for the audit is contingent upon completion by TVA of the work discussed during the meeting on July 29, 1991 (see meeting summary dated August 1, 1991). Therefore, we request that you submit a letter by August 30, 1991, that clearly describes what has been accomplished as of that date. Our final decision on the audit will be made after receipt of your letter.

The audit will be performed by Messrs. David Jeng and Sang Bo Kim of our staff, and several consultants. Mr. Kim will work with Mr. Massie to finalize the date of the audit and address other details.

Sincerely,

Original signed by Frederick J. Hebdon

for Peter S. Tam, Senior Project Manager
Project Directorate II-4
Division of Reactor Projects - I/II
Office of Nuclear Reactor Regulation
