Mr. Robert A. Nelson
Chief, Licensing Section
Spent Fuel Project Office, NMSS
U.S. Nuclear Regulatory Commission
Washington, DC 20555

Dear Mr. Nelson:

The U.S. Department of Energy (DOE) has no further programmatic need for Nuclear Regulatory Commission (NRC) Certificate of Compliance No. 9150 for the PAT-2. Therefore, please cancel the certificates effective November 30, 2007.

All registered users of the packaging have been notified of our intention to cancel the NRC certificates. No users indicated any need for the PAT-2 and it is not cost effective for DOE to continue paying annual NRC certification fees for a packaging that is not being used.

If you have any questions, please contact Dr. James Shuler at (301) 903-5513.

Sincerely,

Dae Y. Chung
