On September 10, 2007, Southern Nuclear Operating Company (SNC) submitted a proposed request for relief (RR-55) for a temporary non-Code repair of a service water piping pinhole leak downstream of Q1P16V510. The request for relief was to remain in effect until the next refueling outage or the next Unit 1 cold shutdown greater than 30 days, whichever occurred first. Pursuant to the submittal of the request for relief, the subject pinhole leak was repaired during the Unit 1 outage (1R21). Therefore, SNC hereby withdraws the proposed request for relief, RR-55.
