Hi Bo - To follow up on my telephone message of today - As you know, I am seeking a complete copy of the FSARs for Indian Point 2 and 3. The versions I received from the PDR are missing significant amounts of information that has been intentionally deleted.

On your recommendation, I spoke today with Karen at the PDR. She told me that the FSARs in the PDR were already edited by NRR before they were sent to the PDR. The PDR has nothing to do with the editing process. She said the person who used to be responsible for editing the FSARs is Bill Reckley, formerly of NRR. Although Bill has moved to another position, Karen thinks he might be able to tell you how to get CDs with complete FSARs for Indian Point 2 and 3.

I need to get complete FSARs ASAP in order to prepare contentions on the IP license renewal application, so I appreciate anything you can do to help. Would like to avoid having to file a FOIA request, but if I do need to do that just let me know. Thanks -- Diane
