Good afternoon Mr. Waters,

I have received NYSERDA's copy of Entergy's submittal, but it is only a copy of the cover letter rather than the entire application. Please give me a call as soon as you can. I'd like to talk to you about getting a number of copies of the application on disk as well as establishing a protocol for receiving copies of future documents related to the license renewal application.

In addition, as Paul Eddy stated in his original email, i'd like to talk about setting up a State stakeholders meeting with Entergy. This is something we have successfully done with the other plants including FitzPatrick.

Sincerely,

Alyse Peterson, P.E.

RE: License Renewal

Paul,

I passed this on to Roger Waters who is our point of contact for License Renewal.

Don - We're expecting the filing of the license renewal application for India Point and request disc copies of the application instead of paper for NYSERDA (Peter Smith) and myself?

Also, who is the right person for Alyse Peterson from NYSERDA to speak with about setting up a State stakeholder meeting? Please have them contact Alyse Peterson at NYSERDA at the above email address or at 518-862-1090 ext. 3274.

Thanks
