Reference: 1) USNRC Certificate of Compliance No. 5926, Docket No. 71-5926

Dear Director, Spent Fuel Project Office:

GE - Hitachi Nuclear Energy, LLC, with operations at the Vallecitos Nuclear Center (VNC), Sunol, California, holds Certificate of Compliance No. 5926, Revision 18, set to expire on May 31, 2008.

VNC respectfully request the certificate be renewed under the provisions of 10CFR71.38 through October 1, 2008. The current operating procedures, acceptance tests, and maintenance programs for the 100 Series Package have been reviewed and no changes are required since the previous submittal dated March 14, 2003. VNC understands that by submission of this request, the reference Certificate is in a "Timely Renewal" status.

Please contact Mr. Michael R. Schrag at 925-862-4420 or the undersigned if you require additional information.

Sincerely,

Latonya L. Mahlahla
