Subject: Add Missing Document to Package ML070860211

Hi,

Some time ago a CD from FENOC was forwarded to the Document Control Desk to add a ~850 page document(s) to ADAMS. A package was created (ML070860211) with the large document divided into sections and appendices.

Upon review, it was determined that a 1 page chart is missing from the package. Could you add the attached chart to the package titling this document as indicated Estimated Crack Growth Time Above Top of Weld mentioning Figure 8.13?

If you have any questions, please feel free to contact me.

Thank you for your assistance.
