Subject: FOIA 2007-0188 Clarification Needed

Jeannie,

Can we get some clarification regarding the scope of the subject FOIA request? I can interpret this several different ways:

1. They just want anything dealing with evaluating the adequacy of the NRC's oversight of Davis Besse RPV head issue, and specifically the IG report on how the NRC did in that regard.
2. They want anything dealing with the OI investigation of the Davis Besse RPV head issue.
3. They want anything that the NRC looked at, used, or generated in performing its oversight role over Davis Besse for the RPV head issue.
4. All of the above.
