Summary: I asked Mr. Casio the status of the financial assurance action. He stated that the problem is that his company does not allow his CEO to sign for the desired letter. Additionally their attorneys state that the CEO is not required to sign the letter per federal regulations. I told him that I would find out what else is acceptable from headquarters. I called Mr. Casio back and left him a message on 12/20 at 11:20 AM. It would be acceptable if his company states who in their company would be the proper person to make the statements in our Model Chief Executive Officer letter as written in A.13.4 of NUREG-1757, Volume 3.

Action Required: Licensee to complete the remaining financial assurance documents.
