Subject: FOIA Request on Exponent Report

We received a FOIA for all records associated with the David Besse Exponent Report. The FOIA is very broad and includes all internal and external documents and communications.

Are you able to estimate the amount of records that you have? If so, I will fold the information into mine and submit the estimate. The estimate is due by 05/04, so if you need to, it can wait until Friday.

Anne T. Boland, Deputy Director
Division of Reactor Safety
NRC Region III
