**Subject:** Receipt of Additional Licensee Report

To all,

FENOC plans to provide us with an additional report that was inadvertently "counted" by NEIL as part of the "757-page" Exponent report referenced in the NEIL letter.

We have asked that they provide us with that report by close of business tomorrow, Friday, May 4th.

Assuming that we do not receive the report until late Friday, if you would like to review the additional report over the weekend, please provide me with your home e-mail address and I would be happy to forward it to you there.

Eric.
