Dear Peter:

Per our telecon of April 4, 1996, enclosed are the Inventory logs removed from the sealed and/or previously opened boxes contain- the original TVA confidential employee concerns files. You will note that the boxes identified with an * (asterisk) denotes boxes that were previously opened in support of TVA investig- ative requests. Also, you will find that not all of the logs are included (boxes 13,14,15,18). These boxes were previously opened and the logs were not apparently put back. However, the notations on the outside of each box identifying the contents were checked against the file folders and found to be complete. Also, since I did not remove or move any files, we may find the logs when we repack each box.

Following are the file numbers for each of the boxes missing the logs:

* Box 13

SQP-6-001 thru SQP-6-015
SQM-6-001 thru SQM-6-013

Mr. Peter S. Tam (cont)

Following are the box numbers containing confidential concerns files that were previously opened:

Boxes 1 thru 3; 6; 7; 11; 13 thru 18; 22; 23; 25; and, 26.

Hopefully you can make sense of this submittal and use it to check against the files already in NRC's care custody and control.

As I understand from previous conversations, NRC is to reimburse Thero Special Services, Inc., for labor and out-of-pocket expenses resulting from the files transfer process.

My hourly rate to the original TVA contract was \$75.00 per hr.

Since we did not discuss this aspect, I thought it necessary to now raise the subject for your review and comment.

Please contact me regarding this submittal if there are any questions or comments.

Thank you,

Owen L. Thero, President
