

RADIOLOGICAL EMERGENCY MANAGEMENT PROCEDURES INDEX

July 2007

In the Radiological Emergency Management Procedures binder, remove the old pages and any procedures or pages replaced by this revision.

This procedure index shows the most recent revision date for each element of the Radiation Control Program's radiological emergency procedures. A new index will be issued every time a new procedure is issued or an existing procedure is updated. Older versions of updated procedures should be destroyed.

- 1. Accident Assessment: Plume Exposure Pathway 07/2007**
 - Attachment 1: Protective Action Guidelines for Members of the General Public.....10
 - Attachment 2: Protective and Restorative Actions for Nuclear Incidents Resulting in Airborne Releases.....11
 - Attachment 3: Guidance on Dose Limits for State Emergency Workers.....12
 - Attachment 4: Guidance on Dose Limits for Workers Performing Emergency Services.....13

- 2. Accident Assessment: Ingestion Exposure Pathway 06/2005**
 - Attachment 1: Recommended Derived Intervention Level (DIL).....6
 - Attachment 2: Ingestion Pathway Preventative Protective Actions.....7
 - Attachment 3: Ingestion Pathway Emergency Protective Actions.....11

- 3. Contamination Survey Techniques 06/2005**

- 4. Tool and Equipment Decontamination 06/2005**
 - Attachment 1: Tool and Equipment Decontamination Methods.....6

- 5. Personnel Monitoring and Decontamination 06/2005**
 - Attachment 1: Personnel Decontamination Record (CI-2).....19
 - Attachment 2: Medical Support Facilities.....21

- 6. Area Decontamination Methods 06/2005**
 - Attachment 1: Area Decontamination Methods.....6

- 7. Personnel Dosimetry 04/2006**
 - Attachment 1: Emergency Worker Radiation Exposure Record (CI-1).....12

- 8. Respiratory Protection 06/2005**

- 9. Radioprotective Drugs 03/2006**
 - Attachment 1: Potassium Iodide Tablet (KI) Insert.....8
 - Attachment 2: Record of Potassium Iodide (KI) Distribution (CI-16).....10

- 10. Monitoring and Sampling Airborne Gamma Releases 04/2006**

Attachment 1: Field Monitoring Team Equipment and Supplies.....	16
Attachment 2: Supplies to be maintained by Logistics Control.....	17
Attachment 3: Response and Recovery Activities Record Sheet (CI-13).....	18
Attachment 4: Exposure Rate Measurements Data Sheet (CI-14).....	19
Attachment 5: Radiological Monitoring Data Record Sheet (CI-15).....	20
Attachment 6: Field Analysis Work Sheet (CI-17).....	21
Attachment 7: Radionuclide Analysis Report (EP-6).....	22
11. <u>Monitoring and Sampling Airborne Alpha Releases 06/2005</u>	
Attachment 1: Field Monitoring Team Equipment and Supplies.....	42
Attachment 2: Items that will be issued by Logistics Support.....	43
Attachment 3: Special Response Items.....	44
Attachment 4: Radionuclide Analysis Report (EP-6).....	45
Attachment 5: Alpha Monitoring Data Sheet (CI-18).....	46
17. <u>Radio Communications 06/2005</u>	
22. <u>Recovery Operations 06/2005</u>	
Attachment 1: Protective Action Guides for Exposure to Radiation from Deposited Radioactive Materials.....	20
Attachment 2: Calculation of Long-term Deep Dose Equivalent (DDE) and Committed Effective Dose Equivalent (CEDE) Exposure.....	22
24. <u>Contamination Control Team Operations 07/2006</u>	
Attachment 1: Recommended Contamination Control Team Supplies and Equipment.....	17
25. <u>Decontamination Assistance Team 06/2005</u>	
Attachment 1: Alpha Monitoring During Reception Center Operation.....	11
26. <u>Selection and Use of Protective Clothing 06/2005</u>	
Attachment 1: Contamination Guides for the Selection of Personal Protective Equipment.....	9
Attachment 2: Sequence for Personal protective Equipment.....	10
